Father who had been
constant source of our
inspiration & existence.
engrossed in metaphysical
strains and beliefs with
aspirations for
philanthropic deeds for
social & educational
enhancement of Aryan
Culture in society &
country during his life
Span.

Late Shri Ram Singh Yadav
(1943-1998)

Vision

Mission

Our Vision

To provide knowledge, skills and value by focusing on quality teaching and the learning process for our student. To develop creative technical and medical professionals who can sustain the global transformation.

Our Mission

CERT & Shree Ram Group of Institutions aims to be a global institute. dedicate to creation. application dissemination of knowledge. skills & spirit of competitive excellence. building up a generation of world citizens and value driven professionals for the corporate world.

• Our Objective

- Generating new learning techniques.
 - Improving teaching process.
 - Expanding the information technology capacity.
 - Strengthening the industry interactive network.
 - Facilitating professional practitioner in searching out their potential.
 - Inculcating team spirit among the learners.
- 

Chairman & Vice-Chairman

The CERT & SHREE RAM Group of Institutions was established in 1999 under the aegis of the Chitragnat Social Welfare & Educational Society. Society has been contributing tremendously to meet the indispensable demand of engineering graduates in the present era of global industrialization. The institute aims at grooming budding young professionals by equipping them with required knowledge and talent for their all round development.

The CERT Group of Institutions with its magnificent infrastructure labs, library, computers, faculty and staff is triumphantly running B.Tech courses in EC, CS, Civil, ME and also Master of Business Administration (MBA) and Diploma polytechnic in ME (Production), EC, CE. The other streams include BTC & LL.B Besides studies, the students are exposed to a strenuous, year round series of various personality development exercises to develop and expand their managerial and professional competency to pursue the desired goals in order to develop their potential as future entrepreneurs. Faculty members represent blend of high credentials and substantial experience to enrich the process of learning. The institute has the best placement record through its well knit Training & placement cell. Our students are working in national and international companies and organizations.

The Shree Ram Group of Institutions comprise medical courses B.A.M.S., GNM, ANM, D.Pharm. We are running Shree Ram Hospital with 100 beds for best medical facilities. With the passage of time, the Group of Institutions will reach the pinnacle of glory by producing highly talented world class dynamic professionals to overcome the turbulent milieu of mind-boggling, tempestuous times possessing sterling values of life such as honesty, truth, perseverance, persistence, commitment and self abnegation. They will thereby ignite their latent spark of creativity with a perfect blend of professional expertise and human values to meet the corporate needs of society where social justice and equality would reign supreme.

It is anticipated that CERT & Shree Ram Group of Institutions will strive to establish its exuberance particularly in the field of academics and placements by retaining the kernel ingredients and dominance of Aryan culture, civilization and its heritage to be more useful and more profitable to Indian society and produce ideal citizens for our country in future. We are sure that the entrants in different streams at CERT & Shree Ram Group of Institutions will find professional talent in abundance to be able to face the competitive world with poise of confidence, converting their dreams into reality.

DR. RAJENDRA YADAV

LL.D., CHAIRMAN
CERT & SHREE RAM GROUP OF INSTITUTIONS

DR. KANGNA YADAV

MBA, PH.D, MANAGING DIRECTOR
CERT & SHREE RAM GROUP OF INSTITUTIONS

Managing Director & Society Chairman

Dr. VED PAL

M.S. (ORTHO), MANAGING DIRECTOR
CERT & SHREE RAM GROUP OF INSTITUTIONS

The CERT & Shree Ram Group of Institutions is committed to academic excellence in our classrooms; relevant programs in our curriculum; and caring, personal attention to our students. One of our great strengths is the enthusiastic personal involvement of our trustees, administrators, faculty, staff, and alumni in creating a sense of community. We believe that the opportunity for higher education should be available to all who seek it, and we will continue to meet the ongoing challenges that higher education presents in the years ahead.

Our students are provided with the academic tools, practical skills, and "real world" opportunities necessary to advance as leaders in their professions and their communities. We encourage active participation in an education that challenges critical thinking, provides career preparation, instills values, and inspires lifelong learning. We realize that each student is unique and as a community, we strive to maximize that unique potential. World class Infrastructure, dedicated teaching fraternity, unimaginable academic achievements have become the rudimentary aspects of our development model. Our hope is our student, our belief is our values, and our work is our

Dr. RITU SINGH

CERT & SHREE RAM GROUP OF INSTITUTIONS

Leadership, social responsibility and inclusiveness are the ingredients in our recipe to success. The success of Group is the conjugation of the quality, creativity and disciplined learning mechanism. In this complex world full of unique individuals and thousands of paths for each to take, we ardently wish for future progress prosperity by leaps & bounds

We look forward to having you join the CERT & Shree Ram Group of Institutions family.

With Best Wishes

From The Desk of the Management

Dr. Jitendra Rana

DEAN ACADEMIC

The dynamics of global environment is changing and India is going through an interesting phase of transition both socially and economically. The emerging global economy requires special skills coupled with appropriate training and wide exposure to the state-of-the-art technical practices. Hailing from my cosmopolitan universal education is a pure global vision, coupled with the dedicated efforts of faculty members and students and a strong corporate connection, we as a team attempt to translate vision into action, we aim to prepare tomorrow's leaders. We assure to develop you a confident, vibrant and self-reliant in every sphere.

We, on behalf of the faculty members and management of CERT & Shree Ram Group of Institutions, welcome the new entrants and assure them that they will find the environment of CERT & Shree Ram Group campus very competitive, encouraging and satisfying.

We are extremely happy to welcome you to CERT & Shree Ram Group of Institutions, which commenced in 1999 with an objective to provide quality technical, medical and professional education and excellence. We are strengthening our roots to reach the under privileged youth of our society. We foster our mission, to provide higher learning to them. We are giving shape to their unspoken and unheard dreams at our premier educational institution.

We endeavors. to provide our students the necessary training by using latest innovative methodologies in personality development programs. career building skills, and industry linked courses in addition to a rich blend of academics. co-curricular and extracurricular activities that helps in formation of the psychological profile of a student thereby leading him/her to successful career.

We, on behalf of the faculty members and management of CERT & Shree Ram Group of Institutions, welcome the new entrants and assure them that they will find the environment of CERT & Shree Ram Group campus very competitive, encouraging and satisfying.

Why Study

at CERT & Shree Ram Group of Institutions?

- We are one of the top modern Institutes in NCR region in terms of students' satisfaction with our courses.

- Our portfolio of courses ranges from Engineering. Management. Polytechnic. BTC. LL.B. & Medical.

- Our campus - We are aiming at our campus to improve students' learning and social experiences. This includes a modernized library, excellent teaching facilities and state- of-the-art infrastructure for the students.

- The Group of Institutions has a vibrant students' community. All students have the opportunity to get involved with our various clubs to conduct a diverse range of activities.

- Lush Green Campus with Ultra Modern Amenities such as Wi-fi. Fully Furnished Classrooms, Auditoriums. Labs & many more

Department of **COMPUTER SCIENCE AND ENGINEERING**

Computers have brought have change in field of research and development and discovery of all fields of engineering and science. Now a days technologies like machine learning ,multi core processor ,Artificial Intelligence and cloud computing are reshaping the landscape of computing and new challenges are emerging of computer science .But those with a genuine interest in computers and possibilities they present for business, science, communication and the world at large , just might find that a computer science ,degree is right up their alley. Salary package after completing B.Tech from computer science is 3.5-4.5 lakh INR per annum.

Academics:

Creating projects specifications with team mates, developing, designing, testing etc. projects managements, monitoring and commissioning plant and systems.

The B.Tech in CSE provides graduates with skills and knowledge to take an appropriate professional position upon graduation and grow into leader ship position or pursue graduate studies and research in the field.

Labs facility:

- Python Lab
- Operating System Lab
- C programming Lab
- Compiler Lab
- Computer Network Lab

Additional courses are provided like computer Graphics, Photoshop, Digital marketing, SEO. All the labs are well equipped with computers having latest configuration. There exist complete arrangement of software and all desktops in the campus, are interconnected with LAN and internet using a bandwidth of 10mbps, high power UPS. LCD projectors are available for classroom presentation. Laptops have been provided to all the department for easier accessing to retrieve any information.

Dr. Varun Kaushik (HOD)

Department of ELECTRONICS AND COMMUNICATION

Electronics and Communication Engineering (ECE) is a swiftly advancing field. with new ideas emerging every other seconds. Graduate engineers in this discipline will be equipped to design and fabricate, install, operate and maintain complex electronic circuits, equipments and systems. The course also covers designing security in communications, besides all the software and hardware required in the communication domain. The Mission of the ECE Department is to facilitate young Engineers to acquire technical exposure in the areas of Electronics and Communication Engineering. To prepare them for competitive examinations in higher education and employment with intellectual professional attitude. research aptitude, critical reasoning, analytical and technical skills & technical consultancy. To develop ability to apply knowledge. life-long learning entrepreneurial practices, ethical values and social concern. To impart professional education endowed with human values to the younger generation so as to transform them to be competent and committed engineers capable of providing solutions to the global challenges in deploying technology for the service of humanity. The average salary package after completing B.Tech from Electronics and Communication is INR 3.5-6.4 Lakh per annum.

Academics:

Students pursuing B.Tech. in ECE have a full and flexible undergraduate curriculum. Numerous streams can be tailored to fit every individual's interests. skills and career goals. Students can prepare for technological careers in industry. Academia or management.

Prof. Ajay Kumar Yadav
HOD

Department of MECHANICAL ENGINEERING

Mechanical engineering is one of the oldest branch of engineering. It is also referred to as the 'mother' branch of engineering. Another appealing feature of mechanical engineering is that the application base of this field of study is extremely broad and diverse. The mechanical engineering department is dedicated to provide high quality and relevant engineering education to all students as per university specifications and industrial requirements. Mechanical engineers require a solid understanding of key concepts including machines, kinematics, thermodynamics, energy and manufacturing. The average salary package after completing B.Tech from mechanical branch is INR 4.5-5.2 lakh per annum.

Academics:

The B.Tech. in mechanical engineering provides designing and implementing economical equipment modification to improve safety and reliability. Creating projects specifications with team mates, developing, designing, testing etc. projects managements, monitoring and commissioning plant and systems.

Prof. Mohit Kumar
HOD

Department of

CIVIL ENGINEERING

Civil engineering is the oldest engineering discipline after military engineering. The demand of civil engineers has increased due to tremendous growth in the infrastructure sector in India and Abroad. The department of civil engineering strives to create outstanding engineers. Advanced teaching techniques and learning aids are provided for undergraduate students. Engineers are employed by a wide range of companies in the United States, from small start up businesses focused on a new invention idea to large-scale companies that work on immense contracts. Engineers from different fields constantly work together to create successful products.'

Civil Engineering Lab:

The Civil Department has 9 laboratories. The department has the requisite labs with machines and equipments. The Laboratory is used by civil engineering students to perform water quality and environmental studies to determine parameters needed in the design of treatment and remediation systems for drinking water, domestic and industrial wastewater, storm water runoff, and contaminated soil and groundwater. The equipments are used in the laboratories are Batch. Complete Mix. and Plug Flow Reactors for unit operation. Controlled Stirring Apparatus for jar tests. Hach Spectrophotometer, Auto Claver for sterilization, Platform Shaker to extract contaminants from solid media.

Mohd Shoaib Ali
Head of the Department Civil Department

Department of MANAGEMENT STUDIES

The Department was introduced with a vision to create and equip prospective managers with leadership skills lateral thinking and critical evaluation abilities who with ethical thinking become successful entrepreneurs and corporate heads of tomorrow.

The department serves as a spotlight on management education which inculcates leadership with a profound understanding of business. MBA offers specialization in functional areas where the students can opt for two specialization out of the six offered: Marketing, Finance, IT, OM, HR and IB in the 2nd year of the course. Department has well qualified and experienced faculty member who contributes with their expertise in developing the department.

Academics:

The course aims at providing knowledge and skills in different areas of management along with equip necessary inputs for the overall development of the personality of the students. The value of MBA is not limited strict to the business, it enables for handling managerial position in public sector, private industry and other areas as well. To meet out today's requirements the department has many facilities.

- Modern Infrastructure
- Well Qualified faculties
- Industrial visits
- Projects and presentation
- Communication lab
- Interaction with experts
- Seminars
- Training and Placement cell

Dr. Abha Sharma
HOD (MBA)

Department of APPLIED SCIENCE

Applied science is the application of scientific knowledge to a physical environment and testing a theoretical model through the use of normal science or solving a practical problem. Fields of engineering are clearly related to applied science. Applied science is important for the technology development. The department of applied science is continuing from the date of its inception with a mission of imparting teaching and education, promoting implementation of practical aspects science and humanities to build a solid foundation as part of engineering. Globalization is creating an increase in demand for engineers who have the ability to deal effectively with professionals from different regions of the world. The department has highly qualified and experienced faculty who have vast knowledge bank. Students are encouraged to represent the college at different level in various activities such as paper presentations, workshops, seminars etc.

To provide quality technical education, besides taking care of the syllabus, the department emphasize on:

- Regular courses on personality development.
- Seminars to improve communication skills.
- Ample scope for co-curricular and extra-curricular activities.
- Need based and value added special training program in the campus.
- Programmes for enhancing teaching skills of faculty.

Our Lab:

- Chemistry Lab
- Physics Lab
- Professional
- Communication Lab

K.M. BABAR
HOD

POLYTECHNIC COLLEGE

Polytechnic course is a boon for students who want to join jobs quickly after 10th standard. In this resource an account of the utility of these courses for students who want to enter into job career after completing 10th class. This is the account of the various specializations in these courses as well as the scope of career after completing polytechnic course. A polytechnic has traditionally been an institution that offers education in many arts and sciences at the diploma level. Since most of them offer education to improve the practical and technical skills of the students, they have a clear vocational orientation. In India, polytechnics are set up and run by the State governments or are private institutions with varying degrees of government aid, offering diploma and certificate courses that can be done after Class 10. We are offering polytechnic in three branches i.e. Civil Engineering, Electronics Engineering & Mechanical Engineering.

CERT COLLEGE OF LAW (LL.B.)

(Approved by BCI Delhi, Affiliated by CCS University, Meerut)

The legal profession is an appealing and lucrative career choice due to its constant evolution and ability to help individuals and corporations navigate the ever-changing legal landscape. The individual is the smallest unit in society, and the rule of law safeguards their rights. The law establishes norms, maintains order, resolves conflicts, defends liberties and rights, promotes social justice, facilitates change, and provides a foundation for compromise and planning. Without the rule of law, society would be disorganised. Studying law Enhance one's understanding of power dynamics in society more than studying political science because law is directly linked to power and affects all aspects of life.

A legal career offers intellectual challenges, personal fulfillment, and financial rewards. At CERT College of Law, we spare no effort in preparing students for this exciting profession. Our faculty mentors, carefully chosen, are at the forefront of our endeavors to cultivate exceptional legal professionals for our nation.

BAMS

Bachelor of Ayurvedic Medicine and Surgery

Prof. Dr. Sabiha Bano
Principal

Dr. Ravendra Nirwal
Vice-Principal

BAMS (Bachelor of Ayurvedic Medicine and Surgery)

It is not clear why you are confused (we don't know the specific question you want to know). Suppose, you may be confused with other medical courses.

It depends upon your choice, interest, feasibility, preparedness etc. If you want to be a graduate in medicine there are other courses which are already popular like MBBS, BDS etc. There are other courses related to Siddha, Unani, Naturopathy, Yoga, Homeopathy, Chinese Medicine, Tibetan Medicine etc. Any course is equally good. After all you can serve people from any type of course you learn. BAMS was not known anywhere, but it is now becoming popular. BAMS gives you working knowledge of ayurvedic medicine and modern medicine. We think BAMS is good. You can do any courses anywhere, still you can learn Ayurveda, Yoga etc. and use them in your requirements- taking help from 'trustworthy and registered' center/practitioner. There are scholarships and payment/donation seats in ministry, TU/IOM, Indian Embassy and other national and international universities/medical-colleges for medical courses. There are seats for payment in BAMS colleges too, besides some subsidized seats (which are known as scholarships as per merit list published after entrance exam). We know that the colleges which run BAMS still need to fulfill some requirements like physical infrastructures and human resources, however they are maintaining a sort of standard-somehow. This is true in case of other colleges which run other medical courses.

THE LIVING WISDOM OF AYURVEDA

Ayurveda is a system of healing that has its roots in ancient India. It is thought by many scholars to be the oldest healing system existing on our planet. Ayuh means life and veda means knowledge. Ayurveda states that the purpose of life is to know or realize our true nature, and to express this in one's daily life. As a medical science its purpose is to heal and to maintain the quality and longevity of life. It is an art of daily living that has evolved from practical, philosophical and spiritual illumination, rooted in the understanding of Creation. According to Ayurveda, every individual life is a microcosm of the Cosmos. Ayurveda offers a profound understanding of each person's unique body, mind, and consciousness, which is the foundation of health and happiness. Vedic tradition is composed of highly spiritual wisdom and pure knowledge revealed through the hearts of enlightened rishis (ancient seers). It is not a creation made by the mind of humankind but rather a revelation from the hearts of meditative sages. This ancient wisdom came from the caves and mountains of India. Students came to study with them, and the rishis imparted knowledge as they experienced it in a deep state of meditation. This knowledge has been passed down through generations into the modern day. As a student at The Ayurvedic Institute you become part of this direct lineage and participate in carrying this living wisdom into the future. Panchakarma

AYURVEDA

**Finds its home in the
hearts of special
beings whose
dharma it is to
preserve and maintain
traditions of
wisdom for the
purpose of healing
themselves
and the world.**

Panchakarma

Panchakarma is the most eminent branch of Ayurveda. The name Panchakarma literally means "Five Actions" which is well-suited given the fact that this technique relies upon five distinctive basic activities that control the body namely Vomiting, Purgation, Niruham, Anuvaasan, and Nasyam. In other words, Panchakarma healing technique is a pillar on which majority of Ayurvedic techniques stand.

Panchakarma works best with the utilization of medicated oils that helps in eliminating the impurities from the human body, Panchakarma is the true manifestation of the Ayurvedic

Department of SHREE RAM NURSING COLLEGE

GNM

Three Year Diploma Course:

We offer Nursing Course for students with all-round development of their skills, knowledge and personality required for the profession. The Nursing Course is further categorized into BSc Nursing Course and GNM Nursing Course that enroll a sizeable number of meritorious students each year. The best educational aids are used to impart education by our faculty who are having rich industrial exposure themselves.

The GNM Nursing Course is diploma course that is affiliated to UP State Medical Faculty, Lucknow and is approved by the Indian Nursing Council. Students with a background in any educational stream can take admission in this course, which is also known as the General Nursing and Midwifery course.

Mrs. Rajesh Rani
Principal

ANM

Two Year Diploma Course:

Nursing is the medical speciality of caring for the sick and providing focus on helping the patient in fast recovery. Nursing is an important part of the healthcare sector and is responsible for the smooth functioning of the healthcare organisation. Subjects mainly covered in this course curriculum include Physiology, Anatomy, Biological science, Microbiology, Sociology, Fundamentals of nursing and first aid.

ANM Nursing Course helps students to find job opportunities in the different nursing organization and other related jobs.

Auxiliary Nurse Midwifery in Nursing is a two-year certified diploma course in Medical Nursing. The minimum eligibility to ANM Nursing course is 10+2 level of education with a minimum aggregate of 45% marks.

SHREE RAM COLLEGE OF PHARMACY

Approved by AICTE/PCI. New Delhi. Affiliated to BTE, Lucknow

Two Year Diploma Course

Diploma in Pharmacy (D.Pharm) is a two-year academic programme streamlined to endow in-depth knowledge of science and technique behind the formulation of pharmacy practice and medicines management. The programme fundamentally provides an overview of the conjecture principles and practices implicated in the science of pharmacy including core subjects like Pharmaceutics, Pharmaceutical Chemistry, Pharmacognosy, Pharmacology Bio-chemistry, Human Anatomy & Physiology, Social Pharmacy, Hospital & Clinical Pharmacy & Community Pharmacy & Management.

Prof. Yogendra Kumar
Principal

The curriculum and syllabus for the programme are as per the Pharmacy Council of India (PCI) the statutory body governing pharmacy profession in India. In this programme students will gain insights into the chemical and physical properties, chemical structure and uses of pharmaceutical formulae. The programme encompasses knowledge about the natural medicines which are obtained from plants, animals, marine and biological sources.

Laboratory

The College has well furnished labs for day to day experiments and research activities.

1. Pharmaceutics lab
2. Pharmaceutical Chemistry
3. Pharmacognosy
4. Pharmacology
5. Human Anatomy and Physiology
6. Central Instrumental lab
7. Pharmacy Practice
8. Biochemistry & Clinical Pathology
9. Social Pharmacy

SHRI RAM SINGH MULTI SPECIALITY HOSPITAL is one of India's largest multi Speciality hospital located in Noida. The hospital has been envisaged with the aim of bringing to Delhi/ncr the highest standards of medical care along with clinical research, education and training. SHRI RAM SINGH MULTI SPECIALITY HOSPITAL is governed under the guiding principles of providing medical services to patients with care, compassion. commitment.

It has beds and hi-tech laboratories and machinery. SHRI RAM SINGH MULTI SPECIALITY HOSPITAL brings together an outstanding pool of doctors, scientists and clinical researchers to foster collaborative, multi disciplinary investigation, inspiring new ideas and discoveries; and translating scientific advances more promptly into new ways of diagnosing and treating patients and preventing diseases.

SHRI RAM SINGH MULTI SPECIALITY HOSPITAL is a conglomeration of multi super specialties' hospital led by exceptional medical practitioners who are leaders in their respective fields. Our aim is to provide specialized and tertiary level of health care by a highly qualified and dedicated team of consultant doctors and paramedical staff. The consultant and auxiliary staff is committed to provide not only quality medical care but it also aims to make the patient stay a pleasing experience.

SRS GLOBAL SCHOOL

(SHREE RAM SINGH GLOBAL SCHOOL, MEERUT)

JYOTI P. VAIDYA
Principal

SRS Global School is one of the top Schools in Meerut offering quality education .

It is a Co-educational school in Partapur providing holistic learning environment and quality education. The school is committed to impart 21st century skills with strong sense of values so as to empower learners to meet current and future challenges. It has trained faculty to deliver the impressive curriculum. The state-of-the-art resources with well-equipped modern laboratories, we nurture the learners potential over the years, and bring out the best in them. SRS Global School gives them an environment that encourages creativity, allowing them to express themselves through various Co- curricular activities and feel inspired within.

Our Facilities

- ▶ AC Kindergarten Section and AC Activity zone with \ no extra costing.
- ▶ Sibling concession of 50% on tuition fee
- ▶ 50% concession on the tuition Fee for single girl child (sgc)
- ▶ 10% concession for defense personals
- ▶ The school has good Sports Facilities.
- ▶ The school has good Medical Facilities.
- ▶ The school has good Transportation Facilities.

Salient Features

- ▶ To be affiliated to CBSE.
- ▶ Green, clean and pollution-free environment.
- ▶ Safe & Secure campus with three tier security system.
- ▶ Strategically placed CCTV cameras.
- ▶ Highly qualified, trained, child friendly, and dedicated faculty.
- ▶ Blended Digital learning.
- ▶ Wellness center and in house medical facilities for regular
- ▶ health checkup.

Library

INFRASTRUCTURE

Books are the way to endless ocean of knowledge. A well managed library is the heart of an academic institute. The Group of Institutions has a library system which consists of central library and its five departmental libraries which collectively supports the teaching research and extension programmes. All students, faculty members and employees are entitled to make use of the library facilities by taking library membership. The library is 21st century knowledge centre to facilitate the transition of today's engineering society into a knowledge base society of tomorrow. The knowledge generated by the faculty and students has been digitized and made accessible through intranet and internet.

- One of the richest library having more than 50000 books with 9000 title discipline's with engineering, medical, management, humanities of foreign and Indian writers.
- Many national and international journals in hard copy, educational general CD's.
- Along with the automation of library services, the institute has become a member of university, IIT. MHRD through NPTEL. & other major library networks through the connectivity of DELNET library facility.
- The library is issuing books to students to certain time period, after which they can be reissued. Book bank facility is also provided.
- The library remains open from 9:30 to 10:00p.m.
- Library provides free wireless internet access to students
- The library also provides appropriately equipped and configured computers for library users.

Transportation

We provide conveyance/bus facility to students and faculty coming from various parts of the city. The college bus also runs from Anand Vihar, Delhi up to the college & vice-versa. The institute provides transport facility to concerned persons on a no profit. no loss basis. The institute transport committee supervises the management for the transport activities.

Cafeteria & Canteen

The institute has a modern canteen & cafeteria to cater a variety of delicious finger licking and hygienic food/snacks with Nescafe & Cream bell counter. The cafeteria is kept open for 16 hours a day, it serves a wide range of eatables including tea coffee, samosas, burger, chowmein, dosa etc. and some essential stationery items too.

The students may refresh themselves by coming here. It is especially useful for the hostellers as it opened for the whole night during the examination period.

Sports

Sports and general activities are an essential part of any institute. They provide the basis of binding up team spirit and inculcate a feeling of sportsmanship in the individuals. Sports and games are also essential to build a healthy body, which only can house a healthy mind. The institute as well as the hostel have several playgrounds and sports material inventory for overall and healthy development of student's personality. Management encourage both outdoor and indoor games with the support of playgrounds for the cricket, football, badminton, hockey, lawn- tennis etc. for indoor games table tennis, chess, carromboard etc. The institute also organizes sports and athletics meets from time to time.

Gymnasium

There is a gymnasium with ample facilities for the development of the health of the students. Modern gym cum fitness centre with all exercise equipments and machines. is there for the students. Fitness instructor is also appointed to guide the students.

Guest house

Well furnished separate guest house for faculty, professors and visitors with a capacity of rooms.

An Interactive
Learning
AWAITS YOU!

Hostel Facility

The management is committed to provide a pleasant high-spirited environment to the students, where they can develop team-spirit, co-ordination and can move one step ahead of the latest requirement of civilization. The hostel is provided with a pleasant and pollution free environment, so that the students can feel and enhance their creative skills and can concentrate upon their studies in a better way. Hostels and mess staff is always there to help the students and serve hygienic and nourishing food at meal times

Separate hostels are there for boys and girls in the campus with all modern furniture & fixtures, along with following facilities..

- RO drinking water
- Attach washroom in the rooms
- Wi-fi in the hostel
- Round the clock security
- Large and fully furnished mess, separate for boys and girls, healthy hygienic meals.
- The members of the resident faculty are assigned as wardens to take care of the hostel student.
